SEASONAL SERVICES

Kruse offers a variety of seasonal services to help take care of those outside chores, like spring and fall yard cleanup, this includes racking and cleaning up leaves, sticks, and debris on your lawn and in your landscape beds, to allow the grass to grow properly and leave your lawn looking clean. They will remove your annuals from the previous year and cut back your perennials at this time. In addition, they offer annual lawn care, including mowing and fertilizing. In the heating season, split wood is available for delivery; in the winter, snowplowing is available for a limited client base with pre-registration. Call Steve at 574-848-4151 to discuss your needs.

**To everything there is a season, a time
for every purpose under the sun.**

Fresh Kruse produce now in season. Basil, tomatoes and lettuce are growing in the greenhouses. Look for other herbs, and veggies like cucumbers and spinach coming soon; ask at the Counter. Now you can enjoy at home the same locally grown produce that Steve grows for local restaurants.
